## Homecoming Play

### "Best Foot Forward"

The 1959 Homecoming Play was entitled "Best Foot Forward". The plot was centered around an unsuccessful actress who came to an all boys' school to attend a dance for publicity. When she arrived the boys' dates became furious and tried to demolish her and her fancy clothes. In the end everything worked out all right and the movie star became queen of the dance.

## May Day

Anxiously the senior girls awaited the moment when the music struck up and they began their pageant.

G.A.A. sponsors May Day annually. It is given in honor of the graduating senior girls. Each year a May Queen and two attendants are chosen by the student body. The 1959 May Queen was Terry Polley. Her attendants were Pearl Madison and Kay Bridges.

After weeks of work and practice the girls from physical education classes presented their program. They gave the senior girls an evening they will never forget.

## Cheerleaders

Pepping up fans at the Granite athletic events during the school year were five lively and enthusiastic cheerleaders. Regardless of whether we were winning or losing, these girls kept the spectators applauding and yelling for the Warriors. Much of the Warriors success was due to their energetic cheering.

The new advisor, Mrs. Hauff, did a wonderful job of sparking the cheerleaders.

With Mr. Dick Yates, club sponsor, they have contributed to the purchase of equipment for the training room. They sponsor the Donkey Basketball game, Lettermen vs. Faculty Basketball game, and other worthwhile activities for the betterment of our school. Last spring the club honored Mr. Glen Rice on his retirement from the position of athletic trainer.

The Board has supported the school in all its endeavors and they deserve our sincere thanks for their help and leadership.

## Wrestling

WRESTLING — Coach Schmitt, Captain Mike Trgovich, Assistant Coach Fedora.

Look Dave, I got a manicure !

Why didn't you go around instead of climbing over !

Under the watchful eyes of coaches, William Schmitt and Joe Fedora, the Warrior wrestling team was again tops in Southern Illinois and the St. Louis area. In 1959, they tackled one of their toughest schedules in recent years, and concluded a highly successful season by winning first place at the Normal Invitational Tournament at Normal, Illinois.

Again, this year, Granite City was host for the Freshman-Sophomore Tournament and the Sectional Wrestling Tournament. We of Granite City Senior High School are confident that next year the Warriors will again have a wonderful year.

Gee, Eddie, you have cold hands !

Do you see the crack in the mat yet?

## Cross - Country

Although afflicted by accidents, Coach Dick Harmon's Warriors had a good year. With a group of Juniors and Sophomores who showed real determination to earn a place on the team and lettermen from last year who added strength to the team the Warriors ran hard all year long.

Led by Gaynell Roblin and David Moss, the team finished in good form in all the meets and tournaments.

Graduating Seniors are Larry Williams, Gary Wiesman, Carl Wortham, and Bill McDowell.

*Returning Lettermen:* G. Roblin, I. Williams, C. Wortham, Coach D. Harmon.

## *Varsity Basketball*

The Happy Warriors, under the able coaching of Andy Sullivan, finished up the season with a 26-6 record. The Warriors won the Regional Championship by defeating Collinsville by seven points. They also won the Sectional by beating Pinkneyville by nine points. This was the first time in twenty years a Granite team has been able to make such outstanding achievements.

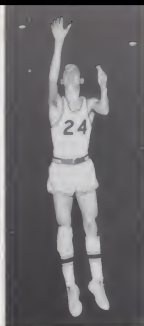

The Warriors were beaten in the first round of the State Tournament by West Frankfort in a "sudden death" overtime. The Warrior captains were Carl Wortham and "All-Stater," Rich Williams. Rich was third in the Conference scoring race with a 21.3 point per-game average. Bob Price, a transfer from Madison, helped the team tremendously with his passing and shooting.

The Warriors participated in the Centralia Holiday Tourney, one of the toughest in the state, and placed second, just behind Pinkneyville.

We are looking forward to as fine a season next year, as two juniors, Frank Knight and Jim Simpson, will be returning.

## *Junior Varsity Basketball*

The Junior Varsity team lived up to the promise of a wonderful year. Early in the season they had bad luck by losing some close games. They were under the able coaching of Mr. William Burcky.

The squad will lose some good players this year, but these will be of great benefit to the varsity squad. We are looking forward to a good season next year.

## Tennis

The Granite City Senior High School tennis team under the able coaching of Dick Harmon came through in fine style with an undefeated season of 11 wins and 0 losses. This is the first time in 9 years that this has happened. With the backing of Jerry O'Guinn, team captain, and Gary Wiesman, Terry Rusick, and Dave Moss, three outstanding players, they were able to clinch the Southwestern Conference Championship, and take 2nd in District. Dave Moss went to state in singles and Jerry O'Guinn and Jim Spudick in doubles. With the return of the majority of players, Coach Harmon is again looking forward to another fine season.

We, as editors of the Warrior Yearbook, close the seventh edition with a feeling of satisfaction and accomplishment, since we have been able to capture nostalgic memories and compile them in a handy packet to be preserved and referred to in our future years.

Our achievements through high school will always be remembered as the base for success, and our social highlights, proms, plays, and sports participation, will be magnified in importance, in years to come. We are, therefore, grateful to all who have been instrumental in assisting us, and we hope that this book brings to each of you the satisfaction that we feel in our accomplishment. With these thoughts in mind, we close the last page of the 1960 Warrior.

We would like to express our appreciation to all those who participated, and especially to:

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 55% of public sector employees being women in 1995, compared with 45% in 1980.

There are a number of reasons why the public sector has become an important employer of women. One reason is that the public sector has a high proportion of jobs that are traditionally held by women, such as teaching, nursing, and social work. Another reason is that the public sector has a high proportion of jobs that are part-time or flexible, which are more likely to be held by women. A third reason is that the public sector has a high proportion of jobs that are in the service sector, which is also a sector that is traditionally held by women.

The public sector has also become an important employer of women because of the increasing demand for public services. As the population ages, there is a growing need for services such as health care, social care, and education. This has led to an increase in the number of people employed in the public sector, and a corresponding increase in the number of women employed in the public sector.

The public sector has also become an important employer of women because of the increasing demand for flexible working arrangements. Many women have to juggle their work and family commitments, and the public sector has been able to provide a range of flexible working arrangements to meet their needs. This has made the public sector a more attractive employer for women.

The public sector has also become an important employer of women because of the increasing demand for high-quality public services. The public sector has been able to attract and retain a high proportion of highly qualified and motivated staff, and this has helped to ensure that the public sector provides high-quality services to the public. This has made the public sector a more attractive employer for women.

The public sector has also become an important employer of women because of the increasing demand for public services that are delivered by women. Many public services, such as health care, social care, and education, are delivered by women, and this has made the public sector a more attractive employer for women. This is because women are often better placed to understand the needs of other women, and to provide them with the support and care that they need.

The public sector has also become an important employer of women because of the increasing demand for public services that are delivered by women who are also mothers. Many women who are mothers find it difficult to find work that allows them to spend time with their children, and the public sector has been able to provide a range of flexible working arrangements to meet their needs. This has made the public sector a more attractive employer for women who are mothers.

The public sector has also become an important employer of women because of the increasing demand for public services that are delivered by women who are also carers. Many women who are carers find it difficult to find work that allows them to spend time with the person they are caring for, and the public sector has been able to provide a range of flexible working arrangements to meet their needs. This has made the public sector a more attractive employer for women who are carers.

The public sector has also become an important employer of women because of the increasing demand for public services that are delivered by women who are also disabled. Many women who are disabled find it difficult to find work that allows them to spend time with their family, and the public sector has been able to provide a range of flexible working arrangements to meet their needs. This has made the public sector a more attractive employer for women who are disabled.
